

Example of Accessible HTML

List

This page should have proper examples of the following elements:

- Images
 - Image alternate text
 - Artifact image
- Document title
- Document language
 - Section Language
- Reading Order
- Forms
 - Tab Order
 - Form Labels
- Table
- Headings
- Lists

Images

Image Alternate Text

Remember, with everything you do ask yourself:

Is This Good for the *COUNTRY*?

Image Artefacts

Not all images need alternate text. Only images that convey useful information (see above) need it. In HTML, an empty value for the "alt" attribute is necessary (ie: alt=""). In PDF, set the image as an artifact.

Languages

This document has a default language set to it. To see it, you need to view source, or use the Lang Attribute Detector Firefox extension.

Other Language Part

Tous votre bas sont appartanir a nous!

Tables

This table shows the variation of money spent on coffee and donuts from 2008 through 2009.

	Cost Per Year				
Item	2008	2009	2010	2011	2012
Coffee	\$500	\$550	\$575	\$600	\$650
Donuts	\$300	\$230	\$320	Prohibited	\$400
